THE DIRECTOR,
Venus Home Appliances (P) Ltd.

Dear Sir,

I have installed your 'VENUS Heat Pump Water Heater'
(500 litres capacity) for 20 of my 60-room lodge in September 2011.

This new technology has helped me to reduce my water heating
expenses by more than 70% as compared to using a Diesel Boiler.

Encouraged by these savings, I have recently installed as second
unit of 'VENUS Heat Pump Water Heater' (1000 litres capacity) for the
remaining 40 rooms. My diesel expenses are nil now, and all the 60
rooms get uninterrupted hot water supply at just one-fourth of my diesel
expenses.

I thank 'VENUS' company for introducing this cost- saving new
technology to our lodge.

Thanking You.

Yours truly,

P.
